"WATER CLAUSES CONSOLIDATION ACT, 1897," PART IV.

(1.) This is to certify that the "Industrial Power Company of British Columbia, Limited," a specially incorporated Company within the meaning of Part IV. of the "Water Clauses Consolidation Act, 1897," incorporated on the 19th day of July, 1899, has submitted its undertaking to the Lieutenant-Governor in Council for approval, and that the said undertaking, as shown by the documents and plans filed, has been approved, and that the same is as follows:—

¶ To erect the necessary works on a piece of land situated at the north-east corner of Salmon Arm, Sechelt District, in the District of New Westminster, for the development of power by the use of 20,000 inches of water from the Clowhom River flowing into Salmon Arm, which has been duly recorded. Also to construct a dam across the said river immediately above the Upper Falls, from whence it is proposed to convey the water to the penstock head by means of a flume constructed of sawn timber 15 feet wide, carrying a depth of 6 feet of water, and of a length approximating 2,100 feet. From the penstock the water will be conveyed to the water-wheels by a pipe line of wrought iron or steel about 280 feet in length, with a vertical fall of 115 feet. For the conveyance of the whole volume of water a pipe of about 7' 6" in diameter will be used. This pipe will deliver the water into a receiver under pressure approximating 47lbs. per square inch, from whence it will be supplied to the various power wheels as required.

The purpose to which the power is proposed to be devoted is the supply of motive power to works which

are to be erected on the land which this Company is acquiring for such purpose on Salmon Arm.

The proposed works, which the Power Company will either erect themselves or will introduce capital for the purpose, are for entirely new industries in this Province. Firstly: works for the production of wood pulp. Secondly: for the manufacture of paper from the wood pulp which will be produced by the aforementioned works.

(2.) And this is further to certify that the amount of capital of the Company which shall be actually subscribed for the purpose of the power works within nine months from the date of this Certificate is hereby fixed at the sum of twenty-five thousand dollars (\$25,000.00).

(3.) And this is further to certify that the time within which the said undertaking and works shall be commenced is fixed at twelve months from the date of this Certificate, and the date when the power works shall be completed is fixed at two years from the date hereof.

Dated this 10th day of July, A.D. 1900.
